Experience Required: 5+ years

Job Description:

We are seeking a highly skilled Connected TV Developer with over 5 years of experience to join our dynamic team. The ideal candidate will have extensive experience in developing applications for Connected TV platforms, utilizing modern web technologies and tools.

Key Responsibilities:

• Develop and maintain Connected TV applications using ReactJS, TypeScript, and Node.js.
• Utilize libraries and tools such as Tanstack, Tailwind, and React hooks to enhance application functionality and user experience.
• Integrate and manage video players and analytics tools, including Bitmovin Video player, player analytics, and Conviva analytics.
• Develop and maintain APIs, working with RESTful APIs, JSON datasets, and JWT tokens.
• Perform browser-based debugging and performance testing to ensure high-quality application performance.
• Adhere to web accessibility and security standards to ensure compliance and user safety.
• Implement navigation using Norigin Spatial navigation focus engine.
• Develop applications for various Connected TV platforms, including Samsung TV, LG TV, and Vizio TV, ensuring optimal performance on the lowest baseline platform (Vizio).

Qualifications:

• Proven experience in Connected TV development with a strong portfolio of applications.
• Proficiency in ReactJS, TypeScript, and Node.js.
• Experience with Tanstack, Tailwind, and React hooks.
• Strong understanding of video player integration and analytics, including Bitmovin and Conviva.
• Expertise in developing against RESTful APIs, handling JSON datasets, and managing JWT tokens.
• Proficiency in browser-based debugging and performance testing.
• Knowledge of web accessibility and security standards.
• Experience with Norigin Spatial navigation focus engine.
• Demonstrated experience in developing for Samsung TV, LG TV, and Vizio TV platforms.

Soft Skills:

• Excellent problem-solving skills and attention to detail.
• Strong communication and teamwork abilities.
• Ability to work in a fast-paced, dynamic environment.
