PHP Developer – Laravel, Moodle

Description

Position Overview: We are seeking a skilled and experienced Senior PHP Developer to join our dynamic team. The ideal candidate will have a strong background in web development, with expertise in PHP and related technologies. You will be responsible for developing and maintaining robust web applications, collaborating with cross-functional teams, and driving best practices in software development.

Key Responsibilities:

- Develop, maintain, and optimize web applications using PHP, Laravel, and WordPress.
- Collaborate with designers and other developers to create user-friendly interfaces using HTML, CSS, JavaScript, and jQuery.
- Implement and customize Moodle for e-learning solutions.
- Write clean, maintainable, and efficient code, ensuring high performance and responsiveness.
- Conduct code reviews and mentor junior developers to foster a culture of continuous improvement.
- Troubleshoot and resolve application issues in a timely manner.
- Stay updated with emerging technologies and industry trends to enhance development processes.

Required Skills and Qualifications:

- Bachelor's degree in Computer Science, Software Engineering, or a related field.
- 2+ years of experience in web development, with a strong focus on PHP.
- Proficiency in Laravel framework and WordPress development.
- Strong knowledge of front-end technologies: HTML, CSS, JavaScript, and jQuery.
- Experience with Moodle development and customization.
- Familiarity with version control systems (e.g., Git).
- Excellent problem-solving skills and attention to detail.
- Strong communication and collaboration abilities.

Preferred Qualifications:

- Experience with API integration and development.
- Knowledge of database systems (e.g., MySQL).
- Familiarity with Agile development methodologies.
- Understanding of web security best practices.
